CAUTIONARY STATEMENT REGARDING FORWARD-LOOKING INFORMATION

This report contains forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended (the "Securities Act"), and Section 21E of the Securities Exchange Act of 1934, as amended (the "Exchange Act"). These forward-looking statements are subject to known and unknown risks, uncertainties and other factors which may cause actual results, performance or achievements to be materially different from any future results, performance or achievements expressed or implied by such forward-looking statements. In some cases, you can identify forward-looking statements by terminology such as "will," "should," "intend," "expect," "plan," "anticipate," "believe," "estimate," "predict," "potential," or "continue," or the negative of such terms or other comparable terminology. This report includes, among others, statements regarding our:

- material dependence on our relationships with Yahoo!, OpenX, Google and other demand partners;
- dependence on relationships with supply partners and the introduction of new products and services, which require significant investment;
- dependence on our ability to effectively market and attract traffic to our sites;
- dependence on our financing arrangements with Western Alliance Bank, which is collateralized by our assets;
- the seasonality of our business and restricted cash flow during seasonal low periods;
- need to keep pace with technology changes;
- fluctuations of quarterly financial results and the trading price of our common stock;
- vulnerability to interruptions of services;
- dependence on key personnel;
- vulnerability to regulatory and legal uncertainties and our ability to comply with applicable laws and regulations;
- need to protect our intellectual property;
- vulnerability to publishers who could fabricate clicks;
- vulnerability to a downturn and to uncertainty in global economic conditions;
- requirement to adhere to the covenants and restrictions in our grant agreement with the state of Arkansas; and
- the dilutive impact to our stockholders from outstanding restricted stock grants and options.

These forward-looking statements were based on various factors and were derived utilizing numerous assumptions and other factors that could cause our actual results to differ materially from those in the forward-looking statements. Most of these factors are difficult to predict accurately and are generally beyond our control. You should consider the areas of risk described in connection with any forward-looking statements that may be made herein. Readers are cautioned not to place undue reliance on these forward-looking statements and readers should carefully review this report in its entirety, including the risks described in Part II, Item 1A. Risk Factors appearing in this report, together with those appearing in Item 1A. Risk Factors, in our Annual Report on Form 10-K for the year ended December 31, 2017 as filed with the SEC on February 8, 2018 and our subsequent filings with the Securities and Exchange Commission.

Except for our ongoing obligations to disclose material information under the Federal securities laws, we undertake no obligation to release publicly any revisions to any forward-looking statements, to report events or to report the occurrence of unanticipated events. These forward-looking statements speak only as of the date of this report, and you should not rely on these statements without also considering the risks and uncertainties associated with these statements and our business.

OTHER PERTINENT INFORMATION

Unless specifically set forth to the contrary, when used in this report the terms "Inuvo," the "Company," "we," "us," "our" and similar terms refer to Inuvo, Inc., a Nevada corporation, and its subsidiaries. When used in this report, "first quarter 2018" means for the three months ended March 31, 2018, "first quarter 2017" means for the three months ended March 31, 2017, "2017" means the fiscal year ended December 31, 2017 and "2018" means the fiscal year ending December 31, 2018. In February 2017, the Company acquired the assets and certain liabilities of a technology company, NetSeer, Inc. This acquisition will be referred to throughout the filing as the "2017 asset acquisition." The information which appears on our corporate web site at www.inuvo.com is not part of this report.

Inuvo, Inc.
Notes to Consolidated Financial Statements

Note 1 – Organization and Business

Company Overview

We develop technology that connects advertisers with consumers through interactions with content across devices. Inuvo provides the means to interact with tens of thousands of advertisers (Demand) and tens of thousands of online publishers (Supply). We interact with Demand/Supply constituents directly and indirectly. We serve ads within content, video and slideshows. We target ads to consumers using our proprietary IntentKey, a form of artificial intelligence ("AI") that uses the Internet content as a source of information from which the machine learns Intent. The result of the AI includes a database of over 500 million machine profiles, of which 100 million are updated each week. We use this AI as the means to develop and deliver highly targeted online audiences to our advertisers. We earn revenue when consumers view and/or click on our ads. Our business scales as we add Demand and Supply relationships with many barriers to entry including the ability to process hundreds of thousands of transactions per second. Collectively, our technology platforms facilitate the buying and selling of media in a manner that positions Inuvo as an advertising exchange.

Our intellectual property is protected by 18 issued and eight pending patents. We count among our many contractual relationships, three clients who collectively manage over 50% of all US digital advertising budgets. Included within our Supply portfolio is a collection of owned websites such as alot.com and earnspendlive.com, where we create content in health, finance, travel, careers, auto, education and living categories. These sites provide the means to test advertising technologies, while also delivering high quality consumers to advertisers through interaction with proprietary content in the form of images, videos, slideshows and the written word.

Liquidity

On April 18, 2018, we entered into the Tenth Business Financing Modification Agreement with Western Alliance Bank ("Western Alliance Bank"), the parent company of Bridge Bank, N.A., our original lender (see Note 15). The agreement provides continued access to the revolving line of credit up to \$10 million through September 2018. As of March 31, 2018, the balance of the revolving line of credit was \$4.9 million and had approximately \$1.2 million of available credit. During the third quarter of 2017, we filed an S-3 registration statement with the Securities and Exchange Commission ("SEC") to replace the existing, expiring S-3 "shelf" registration statement, which permits us to offer and sell up to \$15 million of our securities from time to time in one or more offerings. To date, we have not taken down any sales from this shelf registration statement. The revolving line of credit and cash generated by operations may not provide sufficient cash for operations over the next twelve months. We may elect to sell stock to the public or to selected investors, or borrow under the current or any replacement line of credit or other debt instruments in order to fund the development of our technologies, make acquisitions, pursue new business opportunities or grow existing businesses.

Customer concentration

We generated the majority of our revenue from three Demand side customers, Yahoo!, Google, and OpenX as noted below:

	For the Three Months Ended March 31,	
	2018	2017
Yahoo!	70.5%	75.4%
Google	9.5%	12.9%
OpenX	6.7%	2.6%
Total	86.7%	90.9%

As of March 31, 2018 and December 31, 2017, these three customers accounted for 76.0% and 79.9%, respectively, of our gross accounts receivable balance.

Though the Yahoo! and Google concentration is declining as a percentage of overall revenue, we still source the majority of our Demand revenue through these relationships where we have access to advertiser budgets indirectly. While this strategy creates a concentration risk, we believe that it also provides upside opportunities including; access to hundreds of thousands of

advertisers across geographies; the ability to scale our business across verticals; an avoidance of the sales costs associated with a large direct to advertisers' sales force; access to innovation; overall media budget market insights; attractive payment terms; and low risk on receivables.

Note 2 – Summary of Significant Accounting Policies

Basis of presentation

The consolidated financial statements presented are for Inuvo, Inc. and its consolidated subsidiaries. The accompanying unaudited consolidated financial statements have been prepared based upon SEC rules that permit reduced disclosure for interim periods. Certain information and footnote disclosures have been condensed or omitted in accordance with those rules and regulations. The accompanying consolidated balance sheet as of December 31, 2017, was derived from audited financial statements, but does not include all disclosures required by accounting principles generally accepted in the United States ("GAAP"). In our opinion, these consolidated financial statements reflect all adjustments that are necessary for a fair presentation of results of operations and financial condition for the interim periods shown including normal recurring accruals and other items. The results for the interim periods are not necessarily indicative of results for the full year. For a more complete discussion of significant accounting policies and certain other information, this report should be read in conjunction with the consolidated financial statements and accompanying notes included in our Annual Report on Form 10-K for the year ended December 31, 2017, which was filed with the SEC on February 8, 2018.

Use of estimates

The preparation of financial statements, in accordance with GAAP, requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, net revenues and expenses and disclosure of contingent assets and liabilities. The estimates and assumptions used in the accompanying consolidated financial statements are based upon management's regular evaluation of the relevant facts and circumstances as of the date of the consolidated financial statements. We regularly evaluate estimates and assumptions related to allowances for doubtful accounts, accrued sales reserve, goodwill and purchased intangible asset valuations, lives of intangible assets, deferred income tax asset valuation allowances, contingent liabilities, including the Arkansas grant contingency, and stock compensation. Actual results may differ from the estimates and assumptions used in preparing the accompanying consolidated financial statements, and such differences could be material.

Revenue Recognition

In May 2014, the FASB issued Accounting Standards Update No. 2014-09 (Topic 606) "Revenue from contracts with Customers." Topic 606 supersedes the revenue recognition requirements in Topic 605 "Revenue Recognition" (Topic 605) and requires entities to recognize revenue when control of the promised goods or services is transferred to customers at an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. The Company adopted this guidance on January 1, 2018 using the modified retrospective approach. The adoption of Topic 606 from Topic 605 had no cumulative impact on retained earnings and no impact on revenue reported as of March 31, 2018.

Effective January 1, 2018, we recognize revenue following the five-step process outlined in Topic 606. We identify and have on file contracts with all customers. Our contracts with our major search partners pay upon delivery of a click. Additionally, our contracts with advertisers pay upon the serving of impressions. Our performance obligation is met when we deliver a click to a search partner or serve an impression to a digital publisher. We satisfy the performance obligation and recognize revenue when a click occurs from advertisements served to our digital properties or to those of our publishing partners in the period in which the click occurs. We serve as the principal in our contracts because we control the service to be performed by our publishing partners. The Company is ultimately responsible for fulfilling the promise to its customers and has latitude in pricing and publisher selection. There is no transaction price allocated to unsatisfied performance obligation and there were no contract assets or liabilities as of the date of adoption or March 31, 2018.

Inuvo allows advertisers and publishers the opportunity to buy and sell advertising space in real time and includes the following products:

- ValidClick: A software as a service and delivery platform for publishers that offers a pay-per-click solution where advertisements are targeted to consumers based on content and behaviors.

- Digital Publishing: Branded web properties like alot.com, earnspendlive.com, search4answers.com and many more with content developed, edited and published by Inuvo in categories like health, finance, travel, entertainment, careers, education, lifestyle and automotive.
- Visual Monetization Platform ("VMP"): A Supply Side Platform ("SSP") that offers publishers numerous forms of monetization both visually (images and video) and within or surrounding content.
- Audience Delivery Solutions: Inuvo's audience delivery solution is a campaign management and optimization service for advertisers that uses the IntentKey and our proprietary Demand Side Platform ("DSP").
- MYAP: A proprietary online affiliate management solution that provides advertisers with the ability to sign up, manage and track the activities of publishers through a privately-branded platform with full data transparency. Typically, each MYAP customer is supported by a customized software implementation

Revenue from these products consists of the following as of:

	March 31, 2018	March 31, 2017
ValidClick	\$ 10,836,169	\$ 10,998,584
Digital Publishing	6,552,010	4,098,262
VMP	2,122,422	999,671
Audience Delivery Solutions and Other	993,384	1,119,345
Total	\$ 20,503,985	\$ 17,215,862

Recent accounting pronouncements

In February 2016, the FASB issued ASU No. 2016-02, *Leases (Topic 842)*. This standard will require all leases with durations greater than twelve months to be recognized on the balance sheet and is effective for interim and annual reporting periods beginning after December 15, 2018, although early adoption is permitted. We believe adoption of this standard will have an impact on our Consolidated Balance Sheets. Although we have not completed our assessment, we do not expect the adoption to change the recognition, measurement or presentation of lease expenses within the results of operations.

Note 3– Property and Equipment

The net carrying value of property and equipment was as follows as of:

	March 31, 2018	December 31, 2017
Furniture and fixtures	\$ 292,304	\$ 288,536
Equipment	1,515,489	1,509,464

Note 5 - Revolving credit line

The following table summarizes our revolving credit line balances as of:

	March 31, 2018	December 31, 2017
Revolving credit line - 5.5 percent at March 31, 2018 (prime plus .75 percent), due September 29, 2018	\$ 4,900,000	\$ 4,900,000
Total	<u>\$ 4,900,000</u>	<u>\$ 4,900,000</u>

On March 1, 2012, we entered into a Business Financing Agreement with Bridge Bank, which is now owned by Western Alliance Bank. On April 18, 2018, we entered into the Tenth Business Financing Modification Agreement with Western Alliance Bank the parent company of Bridge Bank, N.A., our original lender (see Note 15). The agreement provided us with a revolving credit line of up to \$10 million which we use to help satisfy our working capital needs. We have provided Western Alliance Bank with a first priority perfected security interest in all of our accounts and personal property as collateral for the credit facility. Available funds under the revolving credit line are 85% of eligible accounts receivable balances up to a limit of \$10 million. Eligible accounts receivable is generally defined as those from United States based customers that are not more than 90 days from the date of invoice less certain contra accounts. We had approximately \$1.2 million available under the revolving credit line as of March 31, 2018.

While we periodically utilize our line of credit for operating needs, as of March 31, 2018, the balance of the revolving line of credit was \$4.9 million. We were in compliance with all bank covenants as of March 31, 2018.

Note 6 – Accrued Expenses and Other Current Liabilities

The accrued expenses and other current liabilities consist of the following as of:

	March 31, 2018	December 31, 2017

Note 8 – Income Taxes

We have a deferred tax liability of \$2,331,900 as of March 31, 2018, related to intangible assets acquired in March 2012 and February 2017.

We also have a net deferred tax asset of approximately \$32,503,735. We believe it is more likely than not that essentially none of our deferred tax assets will be realized, and we have recorded a valuation allowance for the net deferred tax assets that may not be realized as of March 31, 2018.

Note 9 - Stock-Based Compensation

We maintain a stock-based compensation program intended to attract, retain and provide incentives for talented employees and directors and align stockholder and employee interests. Currently, we grant options and restricted stock units ("RSUs") from the 2010 Equity Compensation Plan ("2010 ECP") and 2017 Equity Compensation Plan ("2017 ECP"). Option and RSUs vesting periods are generally up to three years and/or achieving certain financial targets.

Compensation Expense

For the three months ended March 31, 2018 and March 31, 2017, we recorded stock-based compensation expense for all equity incentive plans of \$377,847 and \$292,334, respectively. Total compensation cost not yet recognized at March 31, 2018 was \$865,921 to be recognized over a weighted-average recognition period of 1.1 years.

Significant Grants and Cancellations

On July 27, 2015 and August 4, 2015, we granted certain employees service and performance RSUs totaling 965,500 shares with a weighted average fair value of \$3.03 per share. The service RSUs vest annually over a three year period, commencing in July 2016, at the rate of 25% of the grant in year one and year two and the remaining 50% of the grant vesting on the third anniversary of the grant date. The awarding of the performance RSUs is contingent upon achieving certain revenue and profit targets and vest annually, one-third upon each anniversary of the grant date. On July 27, 2017, August 4, 2017, and August 5, 2017, the second measurement period targets were achieved and the number of shares issued totaled 294,152 with a weighted average fair value of \$1.00.

On February 7, 2017, we granted former employees from the 2017 asset acquisition service RSUs totaling 186,828 shares with a weighted average fair value of \$1.65 per share which vest annually over a three year period.

On February 15, 2017, we granted a former employee from the 2017 asset acquisition 20,520 RSUs with a weighted average fair value of \$1.62 which fully vested on August 7, 2017.

On April 1, 2017, we granted members of our board of directors a total of 116,280 RSUs with a weighted average fair value of \$1.29 a share which fully vested on March 31, 2018.

On June 19, 2017, we granted a newly hired executive 125,000 service and performance RSUs with a weighted average fair value of \$1.04 per share. The service RSUs vest annually over a three year period. The awarding of the performance RSUs is contingent upon achieving certain revenue and profit targets and vest annually over a three year period. Additionally, we granted certain former employees from the 2017 asset acquisition service and performance RSUs totaling 400,000 shares with a weighted average fair value of \$1.04 per share. The service RSUs vest annually over a three year period. The awarding of the performance RSUs is contingent upon achieving certain revenue and profit targets and vest annually, one-third upon each anniversary of the grant date. On December 31, 2017, the first measurement period targets were not achieved and the number of shares canceled totaled 92,487.

On July 7, 2017, we granted an employee 20,000 RSUs with a weighted average fair value of \$1.02 which vest annually over a three year period.

On February 15, 2018, we granted an employee 30,000 service and performance RSUs with a weighted average fair value of \$0.87 per share. The service RSUs vest annually over a 28-month period. The awarding of the performance RSUs is contingent upon achieving certain revenue and profit targets and vest annually over a two year period. Additionally, we granted another employee 7,500 RSUs with a weighted average fair value of \$0.87 which vest annually over a three year period.

The following table summarizes the stock grants outstanding under our 2005 Long-Term Incentive Plan ("2005 LTIP"), the 2010 ECP and the 2017 ECP as of March 31, 2018:

	Options Outstanding	RSUs Outstanding	Options and RSUs Exercised	Available Shares	Total

Note 10 – Discontinued Operations

Certain of our subsidiaries previously operated in the European Union ("EU"). Though our operations ceased in 2009, statutory requirements required a continued presence in the EU for varying terms until November 2015. Profits and losses generated from the remaining assets and liabilities are accounted for as discontinued operations.

In the third quarter of 2016, our petition with the UK (United Kingdom) Companies House to strike off and dissolve our remaining subsidiary in the EU was approved. As a result, for the three months ended March 31, 2017, we recorded a net loss of \$1,109 due to a charge from a service provider.

Note 11 - Earnings per Share

During the three month periods ended March 31, 2018 and March 31, 2017, we generated a net loss from continuing operations and as a result, all of our shares are anti-dilutive.

Note 12 - Leases

We lease certain office space and equipment. As leases expire, it can be expected that they will be renewed or replaced in the normal course of business. Rent expense from continuing operations was \$104,446 for the three months ended March 31, 2018 and \$107,299 for the three months ended March 31, 2017.

Minimum future lease payments under non-cancelable operating leases as of March 31, 2018 are:

2018	\$ 352,985
2019	477,319
2020	405,606
2021	242,558
2022	163,283
Total	<u>\$ 1,641,751</u>

In April 2015, we entered into a five-year agreement to lease office space in Little Rock, Arkansas commencing October 1, 2015, to serve as our headquarters. The lease is for 12,245 square feet and will cost approximately \$171,000 during its first year. Thereafter, the lease payment increases by 2%.

In June 2017, we entered into an agreement with Dell Financial Services to lease computer equipment for our data centers. The lease has a term of three years and will cost approximately \$173,000 over the life of the lease.

In June 2017, we entered into an agreement to lease 4,801 square feet of office space in San Jose, CA commencing on July 17, 2017. The lease has a term of five years and will cost approximately \$216,000 during its first year. Thereafter, the lease payments increase by 3%.

As part of the 2017 asset acquisition, Inuvo assumed the office space lease and a lease obligation in Sunnyvale, CA. The lease was for 15,717 square feet and cost approximately \$95,000 for the remaining term of the lease which expired in July 2017. In June 2017, we entered into an agreement to lease 4,801 square feet of office space in San Jose, CA commencing on July 17, 2017. The lease has a term of five years and will cost approximately \$216,000 during its first year. After the first year, the lease payment will increase by 3% per annum.

Capital lease obligations and future minimum lease payments under non-cancelable capital leases as of March 31, 2018 are:

	Lease Payments
2018	\$ 180,202
2019	\$ 213,685
2020	\$ 82,404
Total payments under capital lease obligations	<u>\$ 476,291</u>
Less amount representing interest	(38,720)
Present value of capital lease obligations	437,571
Current portion of capital lease obligations	(212,040)
Capital lease obligations, net of current portion	<u>\$ 225,531</u>

Assets acquired under capital lease obligations are included in property and equipment in the accompanying consolidated balance sheets. Cost and related accumulated depreciation are as follows:

	March 31, 2018	December 31, 2017
Equipment	\$ 707,264	\$ 707,264
Less accumulated depreciation	(296,873)	(242,169)
Equipment, net	<u>\$ 410,391</u>	<u>\$ 465,095</u>

Depreciation expense on assets under capital lease obligations was \$54,703 and \$18,241 for the three months ended March 31, 2018 and March 31, 2017, respectively and included in the consolidated statements of operations.

In February 2017, we acquired assets and certain liabilities including the capital lease for computer equipment with a remaining value at that time of \$88,575.

In June 2017, we entered into an agreement with Dell Financial Services to lease computer equipment for our data centers. The lease has a term of three years and will cost approximately \$516,000 over the life of the lease.

Note 13 -2017 Asset Acquisition

On February 6, 2017, we entered into an Asset Purchase Agreement to acquire substantially all of the assets and certain liabilities and personnel obligations, in exchange for 3,529,000 shares of our common stock. Of this amount, 529,350 shares were deposited into escrow with our counsel under the terms of an escrow agreement pending possible post-closing adjustments in the purchase price related to working capital and audited financial statement adjustments, as well as in connection with possible indemnification claims post-closing. The operating results of this acquisition have been included in the consolidated statements of operations since the acquisition date. As a result of the business acquisition, the Company recognized goodwill in the amount of \$4,013,034. The factors contributing to the recognition of the amount of goodwill are based on strategic benefits that are expected to be realized from the asset acquisition. The Company incurred approximately \$350,000 in acquisition related costs, which are recorded in selling, general and administrative expenses in the accompanying consolidated statements of operations.

Total consideration paid in common stock (with marketability discount applied)	\$ 4,459,244
Fair value of assets acquired:	
Accounts receivable, net	(2,292,485)
Prepaid expenses and other current assets	(236,163)
Property and equipment, net	(119,101)
Goodwill	(4,013,034)
Intangible assets	(4,360,000)
Fair value of liabilities assumed:	
Accounts payable	\$ 3,579,787
Accrued expenses and other current liabilities	1,152,789
Other long-term liabilities	49,149
Debt	2,015,577
Cash received in acquisition	<u>\$ 235,763</u>

In accordance with ASC guidance related to business combinations, net consideration was first allocated to the fair value of assets acquired, including specifically identifiable intangible assets and liabilities assumed, with the excess being recorded as goodwill. Goodwill related to this acquisition is not deductible for tax purposes and is not amortized, but instead is subject to periodic impairment tests.

The purchase includes the assumption of gross customer accounts receivable totaling \$2,292,485. The Company estimates that most of these receivables will be collected. Therefore, the receivables are recorded at the estimated fair value, which equals the gross contractual amount. Specifically, identifiable intangible assets consist of \$4,360,000 and are amortized on a straight-line basis over the estimated useful life. Additionally, revenue totaling approximately \$1.9 million as of March 31, 2017 from the 2017 asset acquisition is included in the consolidated statement of operations.

Note 14 - Related Party Transactions

For the three months ended March 31, 2018 and March 31, 2017, the Company received a total of \$10,500 and \$34,986, respectively, from First Orion Corp., which is partially owned by two directors and shareholders of Inuvo, for providing IT services.

Note 15 - Subsequent Event

On April 18, 2018, the Company entered into the Tenth Business Financing Modification Agreement with Western Alliance Bank, the parent company of Bridge Bank, our original lender, that modified the existing agreement, as amended. The modified terms require a monthly quick ratio of not less than .60 to 1.00 from February 1, 2018 through November 30, 2018; and a monthly quick ratio of not less than .70 to 1.00 on and after December 31, 2018; and the quarterly consolidated Adjusted EBITDA shall not negatively deviate from financial projections by more than \$18,000 for the quarter ending March 31, 2018, \$57,000 for the quarter ending June 30, 2018, \$191,000 for the quarter ended September 30, 2018 and \$496,000 for the quarter ended December 31, 2018, or with respect to any quarter in 2019 and beyond, by more than 25% from projections. In addition, the finance charge for outstanding advances is equal to Prime Rate plus one basis point. The revolving line of credit is effective to September 2018.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

Company Overview

We develop technology that connects advertisers with consumers through interactions with content across devices. Inuvo provides the means to interact with tens of thousands of advertisers (Demand) and tens of thousands of online publishers (Supply). We interact with Demand/Supply constituents directly and indirectly. We serve ads within content, video and slideshows. We target ads to consumers using our proprietary IntentKey, a form of AI that uses the Internet content as a source of information from which the machine learns Intent. The result of the AI includes a database of information on over 500 million machines, of which 100 million are updated each week. We use this AI as the means to develop and deliver highly targeted online audiences to our advertisers. We earn revenue when consumers view and/or click on our ads. Our business scales as we add Demand and Supply relationships with many barriers to entry including the ability to process hundreds of thousands of transactions per second. Collectively, our technology platforms facilitate the buying and selling of media in a manner that positions Inuvo as an advertising exchange.

Our intellectual property is protected by 18 issued and eight pending patents. We count among our many contractual relationships, three clients who collectively manage over 50% of all US digital advertising budgets. Included within our Supply portfolio is a collection of owned websites such as alot.com and earnspendlive.com, where we create content in health, finance, travel, careers, auto, education and living categories. These sites provide the means to test advertising technologies, while also delivering high quality consumers to advertisers through interaction with proprietary content in the form of images, videos, slideshows and the written word.

Critical Accounting Policies and Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amount of assets and liabilities, the disclosure of contingent assets and liabilities and the reported amounts of revenue and expenses during the reported periods. The more critical accounting estimates include estimates related to revenue recognition and accounts receivable allowances. We also have other key accounting policies, which involve the use of estimates, judgments and assumptions that are significant to understanding our results, which are described in Note 2 to our unaudited consolidated financial statements appearing earlier in this report.

Results of Operations

	For the Three Months Ended March 31,			
	2018	2017	Change	% Change
Net Revenue	\$ 20,503,985	\$ 17,215,862	\$ 3,288,123	19.1%
Cost of Revenue	8,778,594	7,891,723	886,871	11.2%
Gross Profit	\$ 11,725,391	\$ 9,324,139	2,401,252	25.8%

Net Revenue

Net revenue for the first quarter 2018 was \$20.5 million, 19% higher than the first quarter of 2017. Year over year growth occurred primarily in the publishing business units. Additionally, VMP, part of the business acquired in February 2017, increased 112% over the same quarter last year. We expect to increase our focus on the Demand side of our business where our IntentKey technology provides maximum competitive differentiation.

Cost of Revenue

Cost of revenue is primarily generated by payments to website publishers and app developers that host advertisements we serve and to ad exchanges that provide access to supply inventory where we serve advertisements. The increase in the cost of revenue in the first quarter 2018 compared to the same quarter in 2017 is directly associated with the growth of the business.

Operating Expenses

	For the Three Months Ended March 31,			
	2018	2017	Change	% Change
Marketing costs	\$ 8,294,294	\$ 6,467,311	\$ 1,826,983	28.2%
Compensation	2,619,515	2,387,711	231,804	9.7%
Selling, general and administrative	2,126,362	2,118,118	8,244	0.4%
Operating expenses	\$ 13,040,171	\$ 10,973,140	\$ 2,067,031	18.8%

Overall, our operating expenses increased by \$2.1 million in the first quarter of 2018 compared to the same quarter in 2017.

Marketing costs include those expenses required to attract traffic to our owned web properties. The increase in marketing costs in the three months ended March 31, 2018 compared to the same period in the prior year was primarily due to increased direct marketing to our owned sites mentioned above.

Compensation expense increased \$231,804 for the three-month period ended March 31, 2018 as compared to the same period in 2017 due primarily to an increase in employees. The average headcount, both full-time and part-time, was 92 for the first quarter of 2018 compared to 87 for the same quarter last year. We do not expect compensation expense to increase in the coming quarters as we believe we can support the anticipated growth.

Selling, general and administrative expenses were \$2.1 million for the three-month period ended March 31, 2018, relatively unchanged from the prior year. We expect quarterly selling, general and administrative expense to continue to be relatively flat.

Interest expense, net

Interest expense, net, which represents interest expense on the bank credit facility and capital lease obligations, increased in the periods of 2018 compared to the same periods in 2017 because of a higher average outstanding revolving credit line balance and higher interest rates on the credit line this year compared to last year.

Income from discontinued operations

In the third quarter of 2016, our petition with the UK (United Kingdom) Companies House to strike off and dissolve our remaining subsidiary in the EU was approved. As a result, for the three months ended March 31, 2017, we recorded a net loss of \$1,109 due to a charge from a service provider.

Liquidity and Capital Resources

On April 18, 2018, we entered into the Tenth Business Financing Modification Agreement with Western Alliance Bank, the parent company of Bridge Bank, N.A., our original lender (see Note 15). As of March 31, 2018, the outstanding balance of the revolving line of credit was \$4.9 million and had approximately \$1.2 million in additional availability.

During the third quarter of 2017, we filed an S-3 registration statement with the Securities and Exchange Commission ("SEC") to replace the existing, expiring S-3 "shelf" registration statement, which permits us to offer and sell up to \$15 million of our securities from time to time in one or more offerings. To date, we have not taken down any sales from this shelf registration statement. We believe the revolving line of credit and cash generated by operations may not provide sufficient cash for operations over the next twelve months and may elect to sell securities to the public or to selected investors, or borrow under the current or any replacement line of credit or other debt instruments in order to fund the development of our technologies, make acquisitions, pursue new business opportunities or grow existing businesses.

Cash Flows - Operating

Net cash provided by operating activities was \$629,096 during the three months ended March 31, 2018. We reported a net loss of \$1,408,024, which included non-cash expenses; depreciation and amortization expense of \$791,644 and stock-based compensation expense of \$377,847. The change in operating assets and liabilities during the three months ended March 31, 2018 was a provision of cash of \$861,229 primarily due to a decrease in the accounts receivable balance by \$3,300,989, partially offset by a decrease in the accounts payable balance by \$2,498,865. Our terms are such that we generally collect receivables prior to paying trade payables. Media sales, which are part of the business acquired in 2017, typically have slower payment terms than the terms of related payables. We expect to grow the media sales business and therefore, expect to have a greater need for working capital funding.

During the comparable period in 2017, cash used in operating activities was \$1,684,799 from a net loss of \$1,693,054, which included several non-cash expenses; depreciation and amortization of \$693,175, stock-based compensation of \$292,334. The cash used was further increased by a decrease in the accounts payable balance by \$2,844,928 and a decrease in accrued expenses by \$989,738

Cash Flows - Investing

Net cash used in investing activities was \$514,065 for the three months ended March 31, 2018 and primarily consisted of capitalized internal development costs.

Net cash provided by investing activities was \$84,339 for the three months ended March 31, 2017 and was primarily due to \$235,763 of cash received from the 2017 asset acquisition.

Cash Flows - Financing

Net cash used in financing activities was \$53,839 during 2018.

In 2017, net cash provided by financing activities was \$1,577,173 which largely consisted of proceeds from the revolving credit facility used to pay off the debt acquired in the 2017 asset acquisition.

Off Balance Sheet Arrangements

As of March 31, 2018, we do not have any off-balance sheet arrangements that have or are reasonably likely to have a current or future effect on our financial condition, changes in financial condition, revenues or expenses, results of operations, liquidity, capital expenditures or capital resources that are material to investors. The term "off-balance sheet arrangement" generally means any transaction, agreement or other contractual arrangement to which an entity unconsolidated with us is a party, under which we have any obligation arising under a guarantee contract, derivative instrument or variable interest or a retained or contingent interest in assets transferred to such entity or similar arrangement that serves as credit, liquidity or market risk support for such assets.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK.

Not applicable to a smaller reporting company.

ITEM 4. CONTROLS AND PROCEDURES.

Evaluation of Disclosure Controls and Procedures

We maintain “disclosure controls and procedures” as such term is defined in Rule 13a-15(e) under the Securities Exchange Act of 1934. Disclosure controls and procedures are controls and procedures designed to reasonably assure that information required to be disclosed in our reports filed under the Securities Exchange Act of 1934, such as this report, is recorded, processed, summarized and reported within the time periods prescribed by SEC rules and regulations, and to reasonably assure that such information is accumulated and communicated to our management, including our Chief Executive Officer and Chief Financial Officer, to allow timely decisions regarding required disclosure.

Our management does not expect that our disclosure controls will prevent all errors and fraud. A control system, no matter how well conceived and operated, can provide only reasonable, not absolute, assurance that the objectives of the control system are met. In addition, the design of a control system must reflect the fact that there are resource constraints, and the benefits of controls must be considered relative to their costs. Because of the inherent limitations in all control systems, no evaluation of controls can provide absolute assurance that all control issues and instances of fraud, if any, within a company have been detected. These inherent limitations include the realities that judgments in decision-making can be faulty, and that breakdowns can occur because of simple error or mistake. Additionally, controls can be circumvented by the individual acts of some persons, by collusion of two or more people or by management override of the control. The design of any systems of controls also is based in part upon certain assumptions about the likelihood of future events, and there can be no assurance that any design will succeed in achieving its stated goals under all potential future conditions. Over time, controls may become inadequate because of changes in conditions, or the degree of compliance with the policies or procedures may deteriorate. Because of these inherent limitations in a cost-effective control system, misstatements due to error or fraud may occur and not be detected.

As required by Rule 13a-15 under the Securities Exchange Act of 1934, as of March 31, 2018, the end of the period covered by this report, our management concluded their evaluation of the effectiveness of the design and operation of our disclosure controls and procedures. As of the evaluation date, our Chief Executive Officer and Chief Financial Officer concluded that we maintain disclosure controls and procedures that are effective in providing reasonable assurance that information required to be disclosed in our reports under the Securities Exchange Act of 1934 is recorded, processed, summarized and reported within the time periods prescribed by SEC rules and regulations, and that such information is accumulated and communicated to our management to allow timely decisions regarding required disclosure.

Changes in Internal Control over Financial Reporting

There were no changes in our internal control over financial reporting during the period ended March 31, 2018 that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

PART II

ITEM 1. LEGAL PROCEEDINGS.

None.

ITEM 1A. RISK FACTORS.

We desire to take advantage of the “safe harbor” provisions of the Private Securities Litigation Reform Act of 1995. Accordingly, we incorporate by reference the risk factors disclosed in Part I, Item 1A of our Form 10-K for the year ended December 31, 2017, filed with the Securities and Exchange Commission on February 8, 2018 subject to the new or modified risk factors appearing below that should be read in conjunction with the risk factors disclosed in such Form 10-K.

We rely on three customers for a significant portion of our revenues. We are reliant upon Yahoo!, Google and OpenX for most of our revenue. During the first quarter of 2018, Yahoo! accounted for 70.5% , Google accounted for 9.5% and OpenX

accounted for 6.7% of our revenues, respectively, and during the same period in 2017, 75.4% , 12.9% and 2.6% respectively. Since our asset acquisition in February 2017, which allowed us to advance our technology strategy while increasing both the number of advertisers and publishers, we have begun generating a significant portion of our net revenues through OpenX. The amount of revenue we receive from these customers is dependent on a number of factors outside of our control, including the amount they charge for advertisements, the depth of advertisements available from them, and their ability to display relevant ads in response to end-user queries.

We would likely experience a significant decline in revenue and our business operations could be significantly harmed if these customers do not approve our new websites and applications, or if we violate their guidelines or they change their guidelines. In addition, if any of these preceding circumstances were to occur, we may not be able to find a suitable alternate paid search results provider or otherwise replace the lost revenues. The loss of any of these customers or a material change in the revenue or gross profit they generate would have a material adverse impact on our business, results of operations and financial condition in future periods.

Failure to comply with the covenants and restrictions in our credit facility could impact our ability to access capital as needed. We have a credit facility with Western Alliance Bank, the parent company of Bridge Bank, N.A. our original lender, under which we had \$4.9 million in debt outstanding and \$1.2 million of available credit as of March 31, 2018. The credit facility contains a number of covenants that requires us and certain of our subsidiaries to, among other things:

- pay fees to the lender associated with the credit facility;
- meet prescribed financial covenants;
- maintain our corporate existence in good standing;
- grant the lender a security interest in our assets;
- provide financial information to the lender;
- and
- refrain from any transfer of any of our business or property, subject to customary exceptions.

We have historically had difficulties meeting the financial covenants set forth in our credit agreement. Our lender has given us waivers in the past and reset our financial covenants several times. In the event of a breach of our covenants we cannot provide any assurance that our lender would provide a waiver or reset our covenants. A breach in our covenants could result in a default under the credit facility, and in such event Bridge Bank could elect to declare all borrowings outstanding, if any, to be due and payable. If this occurs and we have outstanding obligations and are not able to repay, Bridge Bank could require us to apply all of our available cash to repay the debt amounts and could then proceed against the underlying collateral. Should this occur, we cannot assure you that our assets would be sufficient to repay our debt in full, we would be able to borrow sufficient funds to refinance the debt, or that we would be able to obtain a waiver to cure any such default. In such an event, our ability to conduct our business as it is currently conducted would be in jeopardy.

Our business is seasonal and our financial results and cash availability may vary significantly from period to period. Historically, the last half of the year has stronger demand and therefore greater revenue than the first half of the year. We experience lower Revenue Per Click (“RPC”) due to a decline in demand for inventory on website and app space and the recalibrating of advertiser’s marketing budgets after the holiday selling season. If we are not able to appropriately adjust to seasonal or other factors, it could have a material adverse effect on our financial results. A material percentage of our operating expense is fixed and does not vary significantly with revenue. When revenue is seasonally lower cash availability is constrained. The revolving line of credit and cash generated by operations may be insufficient to continue normal operations. We may elect to sell securities to the public or to selected investors, or borrow under the current or any replacement line of credit or other debt instruments which may cause dilution.

ITEM 2. UNREGISTERED SALES OF EQUITY SECURITIES AND USE OF PROCEEDS.

None

ITEM 3. DEFAULTS UPON SENIOR SECURITIES.

TENTH BUSINESS FINANCING MODIFICATION AGREEMENT

This Tenth Business Financing Modification Agreement (the "Amendment") is entered into as of April 18th, 2018 by and between WESTERN ALLIANCE BANK, an Arizona corporation ("Lender") INUVO, INC., a Nevada corporation ("Parent"), BABYTOBEE, LLC, a New York limited liability company ("Babytobee"), KOWABUNGA MARKETING, INC., a Michigan corporation ("Kowabunga"), VERTRO, INC., a Delaware corporation ("Vertro"), ALOT, INC., a Delaware corporation ("A LOT"), and NETSEER, INC., a Nevada corporation formerly known as NETSEER ACQUISITION, INC. ("NetSeer" and together with Parent, Babytobee, Kowabunga Vertro and A LOT, each a "Borrower" and collectively, "Borrowers").

1. DESCRIPTION OF EXISTING INDEBTEDNESS: Among other indebtedness which may be owing by Borrowers to Lender, Borrowers are indebted to Lender pursuant to, among other documents, a Business Financing Agreement, dated March 1, 2012, by and between Borrowers and Lender, as may be amended from time to time, including by that certain First Business Financing Modification Agreement dated as of June 29, 2012, that certain Second Business Financing Modification Agreement dated as of October 11, 2012, that certain Business Financing Modification Agreement dated March 8, 2013, that certain Third Business Financing Modification Agreement dated as of March 29, 2013, that certain Fourth Business Financing Modification Agreement dated as of March 6, 2014, that certain Fifth Business Financing Modification Agreement dated as of September 20, 2014, that certain Business Financing Modification Agreement dated as of October 9, 2014, that certain Sixth Business Financing Modification Agreement dated as of September 27, 2016, that certain Seventh Business Financing Modification Agreement dated as of December 9, 2016, that certain Eighth Business Financing Modification Agreement dated as of March 27, 2017 and that certain Ninth Business Financing Modification Agreement dated as of July 31, 2017 (collectively, the "Business Financing Agreement"). Capitalized terms used without definition herein shall have the meanings assigned to them in the Business Financing Agreement. Hereinafter, all indebtedness owing by Borrower to Lender shall be referred to as the "Indebtedness" and the Business Financing Agreement and any and all other documents executed by Borrower in favor of Lender shall be referred to as the "Existing Documents."

2. COPYRIGHTED WORKS.

A. Borrowers intend to develop certain copyrighted works to be published by Quarto Publishing Group USA Inc. (the "Copyrighted Works"). Borrowers hereby grant to Lender a security interest in all of Borrowers' right, title and interest in, to and under the proceeds arising from the disposition of any interest in the Copyrighted Works solely to the extent necessary under applicable law for Lender to have a perfected security interest in such proceeds.

B. Borrowers shall (i) give Lender with prior written notice of the filing of any applications or registrations with the United States Copyright Office; and (ii) prior to the filing of any such applications or registrations, execute and deliver to Lender a short form intellectual property security agreement in substantially similar form as Exhibit A attached hereto, including the title of such intellectual property rights to be registered, as such title will appear on such applications or registrations; and (iii) file such agreement simultaneously with the filing of any such applications or registrations with the United States Copyright Office with the applicable documents and forms as may be required by the United States Copyright Office to record Lender's security interest. Borrowers acknowledge and agree that failure to timely comply with the foregoing constitutes an Event of Default under the Business Financing Agreement, to which no cure period automatically applies.

C. Lender hereby acknowledges and agrees that, notwithstanding any prohibition in the Business Financing Agreement to the contrary, the Copyrighted Works may be published, distributed, sold, transferred, conveyed or otherwise disposed of (each, a "Disposition") without Lender's prior written consent, as long as Lender retains a first priority, perfected security interest the proceeds arising from such Disposition.

3. MODIFICATION(S) TO BUSINESS FINANCING AGREEMENT.

A. Lender hereby accepts Borrowers' financial projections for 2018 which were delivered to Lender prior to the date hereof, and the parties hereby acknowledge and agree that such projections shall be used to determine Borrowers' compliance with Section 4.15(b) beginning with the period ending March 31, 2018.

B. Section 4.15(a) is amended and restated in its entirety to read as follows:

(a) Quick Ratio, measured monthly of not less than 0.60 to 1.00 for each monthly measuring period from February 1, 2018 through November 30, 2018; and not less than 0.70 to 1.00 for each monthly measuring period on and after December 1, 2018.

C. Section 4.15(b)(ii) is amended and restated in its entirety to read as follows:

(ii) Adjusted EBITDA, measured quarterly on a consolidated basis as follows: (A) Adjusted EBITDA loss for the quarter ending March 31, 2018 shall not negatively deviate from Borrowers' financial projections for such quarter by more than \$18,000; (B) Adjusted EBITDA for the quarter ending June 30, 2018 shall not negatively deviate from Borrowers' financial projections for such quarter by more than \$57,000; (C) Adjusted EBITDA for the quarter ending September 30, 2018 shall not negatively deviate from Borrowers' financial projections for such quarter by more than \$191,000; (C) Adjusted EBITDA for the quarter ending December 31, 2018 shall not negatively deviate from Borrowers' financial projections for such quarter by more than \$496,000; and (D) with respect to any quarter in 2019 and beyond, Adjusted EBITDA shall not negatively deviate by more than twenty five percent (25%) from the projected Adjusted EBITDA set forth in the financial projections delivered to Lender in accordance with Section 4.9(e) of the Business Financing Agreement, or such other amounts as may be agreed to by Borrowers and Lender.

D. The following is added to the end of clause (d) of the defined term "Eligible Accounts" set forth in Section 12.1:

Notwithstanding the foregoing, up to \$588,235 in Receivables that are contra accounts with respect to which the Account Debtor is Yahoo or Google may be included as Eligible Receivables.

E. The following definition set forth in Section 12.1 is amended in its entirety to read as follows:

"Finance Charge Percentage" means a rate per year equal to the Prime Rate plus 1% for all Advances based on Eligible Receivables, plus an additional 5% during any period that an Event of Default has occurred and is continuing.

4. CONSISTENT CHANGES. The Existing Documents are each hereby amended wherever necessary to reflect the changes described above.

5. NO DEFENSES OF BORROWER/GENERAL RELEASE. Borrower agrees that, as of this date, it has no defenses against the obligations to pay any amounts under the Indebtedness. Each of Borrower and its affiliates (each, a "Releasing Party") acknowledges that Lender would not enter into this Amendment without Releasing Party's assurance that it has no claims against Lender or any of Lender's officers, directors, employees or agents. Except for the obligations arising hereafter under this Amendment, each Releasing Party releases Lender, and each of Lender's officers, directors and employees from any known or unknown claims that Releasing Party now has against Lender of any nature, including any claims that Releasing Party, its successors, counsel, and advisors may in the future discover they would have now had if they had known facts not now known to them, whether founded in contract, in tort or pursuant to any other theory of liability, including but not limited to any claims arising out of or related to the Business Financing Agreement or the transactions contemplated thereby. Releasing Party waives the provisions of California Civil Code section 1542, which states:

A GENERAL RELEASE DOES NOT EXTEND TO CLAIMS WHICH THE CREDITOR DOES NOT KNOW OR SUSPECT TO EXIST IN HIS OR HER FAVOR AT THE TIME OF EXECUTING THE RELEASE, WHICH IF KNOWN BY HIM OR HER, MUST HAVE MATERIALLY AFFECTED HIS OR HER SETTLEMENT WITH THE DEBTOR.

The provisions, waivers and releases set forth in this section are binding upon each Releasing Party and its shareholders, agents, employees, assigns and successors in interest. The provisions, waivers and releases of this section shall inure to the benefit of Lender and its agents, employees, officers, directors, assigns and successors in interest. The provisions of this section shall survive payment in full of the Obligations, full performance of all the terms of this Amendment and the Business Financing Agreement, and/or Lender's actions to exercise any remedy available under the Business Financing Agreement or otherwise.

6. CONTINUING VALIDITY. Borrower understands and agrees that in modifying the existing Indebtedness, Lender is relying upon Borrowers' representations, warranties, and agreements, as set forth in the Existing Documents, and Borrower hereby represents and warrants that the representations and warranties contained in the Existing Documents are true and correct as of the date of hereof, and that no Event of Default has occurred and is continuing. Except as expressly modified pursuant to this Amendment, the terms of the Existing Documents remain unchanged and in full force and effect. Lender's agreement to modifications to the existing Indebtedness pursuant to this Amendment in no way shall obligate Lender to make any future modifications to the Indebtedness. Nothing in this Amendment shall constitute a satisfaction of the Indebtedness. It is the intention of Lender and Borrower to retain as liable parties all makers and endorsers of Existing Documents, unless the party is expressly released by Lender in writing. No maker, endorser, or guarantor will be released by virtue of this Amendment. The terms of this paragraph apply not only to this Amendment, but also to any subsequent Business Financing Modification agreements.

7. CONDITIONS PRECEDENT. The effectiveness of this Amendment is conditioned upon Borrowers' payment of an amendment fee in the amount of \$10,000 plus all of Lender's out of pocket expenses incurred in connection herewith on the date hereof.

8. NOTICE OF FINAL AGREEMENT. BY SIGNING THIS DOCUMENT EACH PARTY REPRESENTS AND AGREES THAT: (A) THIS WRITTEN AGREEMENT REPRESENTS THE FINAL AGREEMENT BETWEEN THE PARTIES, (B) THERE ARE NO UNWRITTEN ORAL AGREEMENTS BETWEEN THE PARTIES, AND (C) THIS WRITTEN AGREEMENT MAY NOT BE CONTRADICTED BY EVIDENCE OF ANY PRIOR, CONTEMPORANEOUS, OR SUBSEQUENT ORAL AGREEMENTS OR UNDERSTANDINGS OF THE PARTIES.

**EXHIBIT A
INTELLECTUAL PROPERTY SECURITY AGREEMENT**

This Intellectual Property Security Agreement is entered into as of _____, 2018 by and between _____ (“Grantor”) and WESTERN ALLIANCE BANK (“Bank”).

RECITALS

Grantor and Lender are parties to that certain Business Financing Agreement dated as of March 1, 2012 and amended from time to time (the “Business Financing Agreement), pursuant to which Lender has agreed to make certain advances of money and to extend certain financial accommodations to Grantor (the “Loans”), and Grantor’s obligations to repay such Loans are secured by certain personal property of Grantor. In connection therewith, Grantor desires to grant to Lender a security interest in the proceeds arising from the disposition of any interest in the copyrights set forth on Exhibit A attached hereto, to secure such obligations of Grantor under the Business Financing Agreement.

NOW, THEREFORE, Grantor agrees as follows:

AGREEMENT

1. To secure its obligations under the Business Financing Agreement, Grantor grants and pledges to Lender a security interest in all of Grantor’s right, title and interest in, to and under the proceeds arising from the disposition of any interest in the Copyrights listed on Exhibit A hereto, and solely to the extent necessary under applicable law to have a security interest in such proceeds, those Copyrights. This security interest is granted in conjunction with the security interest granted to Lender under the Business Financing Agreement.

2. This Agreement may be executed in two or more counterparts, each of which shall be deemed an original but all of which together shall constitute the same instrument. In the event that any signature is delivered by facsimile transmission or by e-mail delivery of a “.pdf” format data file, such signature shall create a valid and binding obligation of the party executing (or on whose behalf such signature is executed) with the same force and effect as if such facsimile or “.pdf” signature page were an original hereof.
